AUDITORS' REPORT

We are pleased to report the 70% payment on the Checking Accounts in the closed Valley Trust Co. This gives us a more definite understanding of the financial condition of the Town. These payments have been received and entered in the Treasurer's account. We should like to suggest more attention be given to accuracy and proper entries in the accounts before submitting them for audit; however we have examined, checked and verified the books and accounts of the various officers and believe them to be correct as noted.

BOSCAWEN PUBLIC LIBRARY

Books are keys to wisdom's treasure,
Books are gates to lands of pleasure;
Books are paths that upward lead,
Books are friends, come let us read.
—Emily Poulsson

The Boscawen Public Library is used for meetings of many groups interested in town affairs, as well as being the office of the Selectmen.

The Library Trustees have held regular meetings during the year.

Mrs. Roger C. Sanborn attended the New Hampshire Library Trustee's Association meeting at Concord and served on the registration committee.

In February the resignation of Mrs. Raymond Fletcher, Branch Librarian was accepted. In March Mrs. Russell Mattice was appointed to succeed Mrs. Fletcher.

Open house was held at the Main Library during National Book Week. Indian literature was featured for the children and Mr. Lincoln Adams had his Indian artifacts on display. At the Branch, films were shown and new books and posters were on display.

We have had Bookmobile service fom the New Hampshire State Library every two months with an outstanding collection of fiction and non-fiction books.

The Librarians also borrow books from the State Library upon request of its readers.

Books have been taken to the Merrimack County Home by Mrs. Iyla Bartlett during the year.

Fifty dollars has been received from the Thornton Fund for the purchase of children's books for the Branch.

Necessary wiring has been done at the Main Library and the Branch has been redecorated.

At Christmas time both libraries were attractively decorated for the holiday season.

Gifts of several books have been given to the Main Library by Mrs. Harry Sanderson and Mr. and Mrs. Ray Kipp.

A memorial bookcase has been presented to the Main Library by the Boscawen Woman's Club. Through the years the Woman's Club has collected a large number of scrapbooks which have been kept in one of the library cabinets. They will now be put in the memorial bookcase, giving the additional space to the library.

The library trustees wish to express their thanks and appreciation to the Boscawen Woman's Club and to everyone who has donated books and magazines during the year.

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.

5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

WATER COMMISSIONERS REPORT

It was not possible to finish the 1960 program, as outlined in last year's report, but we did finish re-laying the main on Sweatt St., a distance of 700 feet, and re-placed the main in one section of Route 4, on High St., about 1500 feet.

This curtailment was caused by the highway construction on Tremont St. which made it necessary to raise the main in some sections and lower it in others. The expense of this was borne by the State, but our crew had to do most of the work, thus cutting our working season down accordingly.

We still have Elm St. to do and another section of Route #4 and Prospect St., in lower Boscawen.

Some time in the future a section on the D. W. Highway south of Goodhue Road will have to be relaid.

We have reached the point where our backhoe will have to be replaced because of its condition and the heavy expense of keeping it in repair.

This will be discussed under one of the articles in the warrant.

Along with most of the towns and cities in our State we have had frozen services and mains to thaw during our severe winter and this has been quite expensive. As this is written, we have not received a bill for this work, but we know it will be substantial.

WARRANT FOR ANNUAL MEETING OF PENACOOK & BOSCAWEN WATER PRECINCT

(L. S.)

To the Inhabitants of the Penacook and Boscawen Water Precinct qualified to vote in Precinct affairs:

You are hereby notified to meet at Boscawen Town

Hall in said Precinct on the 23rd day of March next at 7:30 o'clock in the evening to vote upon the following:

1. To hear the reports of the Precinct Officers and pass any vote relating thereto.

2. To choose all necessary Precinct Officers for the ensuing year.

3. To authorize the Precinct Commissioners to borrow money in anticipation of Precinct taxes and other revenues for the year 1961 and to issue notes therefor at such rate of interest and payable at such time, within one year, and at such place as the Precinct Commissioners shall determine.

4. To see if the Precinct will vote to raise and appropriate the sum of $3,000.00 as a down payment on a new backhoe and loader and authorize the Commissioners to borrow the balance of the purchase price from Concord National Bank and arrange to pay off said balance in a period of not more than 3 years.

5. To transact such other business as may legally come before this meeting.

Given under our hands and seal this 8th day of March in the year of our Lord Nineteen Hundred and Sixty-one.

AUDITOR'S CERTIFICATE

In accordance with instructions from the Commissioners, we have made an examination of the books and records of Miss Lucretia Burbank, Treasurer of the Penacook and Boscawen Water Precinct for the year ended December 31, 1960, and have prepared the following statements:

Exhibit A Balance Sheet as at December 31, 1960
Schedule A-1 Detail of Funded Debt, December 31, 1960

Exhibit B Statement of Receipts and Disbursements — For the Year Ended December 31, 1960

We have examined all checks issued by the Precinct during the year. We have also made an extensive check of all vouchers.

All recorded cash receipts were traced to the bank statement. In addition, we abstracted a list of the unpaid water rents as at December 31, 1960.

The Statement of Receipts and Disbursements correctly reflects the receipts and disbursements for the year ended December 31, 1960.

The Balance Sheet, Exhibit A, shows the Assets and Liabilities as at December 31, 1960, in accordance with the Public Utilities Commission classification of Accounts.

SELECTMEN'S REPORT ON SEWAGE DISPOSAL

At the close of last year's meeting it was recommended the Selectmen meet with officials of Concord to report on the details of a proposed merger in regards to a sewage disposal system.

The following is a brief resume of the several meetings attended by the Selectmen:

The City of Concord must remove its sewage from the Contoocook River, and consequently it must build a sewage disposal plant. The Federal Government and the State of N. H. will provide a portion of the funds necessary to build this system. It was the general concensus of opinion that more Federal and State funds would be forthcoming if Boscawen and Concord each built their sewage systems at the same time. The disposal system itself would be built and maintained by the City of Concord, and the users of the system in Boscawen would pay the City of Concord accordingly.

The City of Concord has purchased the land necessary, and is ready to proceed with their sewage disposal project. They must know if Boscawen is going to merge with them to be able to determine the size of the unit. The F.H.H.A. will provide the funds necessary for preliminary engineering studies and plans. It was suggested an article be put in our warrant to authorize the Selectment to make application for the necessary funds to make the survey.

We would like to make it clear at this time in the event the town of Boscawen decides to go ahead with the project, 50% of these funds will have to be repaid to the F.H. H.A.; in the event the town decides not to go ahead with the project, there will be no cost to the town. However, there is an enormous amount of time consumed in preparing these government applications and considerable legal work. A few years ago a similar survey was made on the sewage system in Upper Boscawen and although it did not cost the town anything for the survey, the legal fees, which the town had to pay, were well over $500.00. This point is brought out because, if it is not the intention of the people to seriously consider building this sewage system at this time, they should not pass Article 20 in the warrant. On the other hand, it must be realized that in the forseeable future, Boscawen will be forced to remove its wastes from the rivers. Merging with Concord may be a way to save ourselves the almost prohibitive cost of building our own disposal plant.

SUMMARY OF SUPERINTENDENT'S SALARY
1959-60
SUPERVISORY UNION, NO. 46

The Superintendent's total salary of $7,750 is paid in part by assessments against the seven districts in the union, which are pro-rated as follows:

Andover	$ 680.00	
Boscawen	748.00	
Chichester	336.00	
Loudon	504.00	
Penacook	1,388.00	
Salisbury	192.00	
Wilmot	152.00	
		$4,000.00

These payments are made by the districts directly through the Supervisory Union office.

The remaining $3,750 is paid by the State from the fund established by the per capita tax of $2.00 for each resident pupil. Boscawen's per capita assessment for 1959-1960 was $764.

Subject: State Board of Education Policy Concerning the School Year and the School Day.

During the winter of 1959-1960 a statewide committee appointed by me studied the implications of the law passed by the 1959 General Cuurt requiring that schools be in session 180 classroom days. As a result of the recommendations made by that committee, the State Board of Education at its March, 1960 meeting approved the following policy:

"For the purpose of fulfilling the intent of the 180-day school year law (RSA 189:1 as amended by 1959, 133:1) enacted by the 1959 General Court, the following provisions shall become effective beginning with the 1960-1961 school year:

SCHOOL A division of the school system consisting of a group of pupils composed of one or more grade groups, organized as one unit with one or more teachers to give instruction of a defined type, and housed in a school plant of one or more buildings. More than one school may be housed in one school plant, as is the case when the elementary and secondary programs are housed in the same school plant.

SCHOOL YEAR The school year shall consist of a minimum of 180 school days.

SCHOOL DAY A school day is a day when a school is operated for at least the minimum length of time prescribed below exclusive of the lunch period.

Grade One	4½ hours
Grades Two-Eight (Elementary)	5¼ hours
Grades Seven-Twelve (Secondary)	5½ hours

Recess periods may be counted as part of the elementary school day but not as part of the secondary school day. Organized activity periods and home-

room periods are considered a part of the school's instructional program and may be counted.

SHORTENED SCHOOL DAY A shortened school day may be considered a "school day" when the safety, health or welfare of the pupils necessitates operation of the school for less than the minimum time specified above but for a period of not less than 3½ hours.

SCHOOL HALF-DAY A school half-day in the elementary school shall consist of either a regular morning session or a regular afternoon session or the major portion of either.

A school half-day in the secondary school shall consist of either one of the following:

(1) At least one-half of the regularly scheduled periods of a "school day"

or

(2) A minimum of three hours.

Two "school half-days" may be considered a "school day".

(Charles F. Ritch, Jr., Commissioner of Education)

THE "NO SCHOOL" SIGNAL

Two blasts of the fire alarm given three times (2-2-2), and the same number of blasts of the siren on Torrent Hose House is the signal for closing school for one session. Its meaning depends upon the time of sounding.

When sounded at 7:30 in the morning, ALL SCHOOLS in Penacook and Boscawen will be closed for the forenoon session.

When sounded at 11:45, ALL SCHOOLS will be closed for the afternoon session.

Announcement will be made over radio station WKXL at 7:15 and on subsequent announcements of the station.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

It is with pleasure I submit my annual report of the School Health Program for the Boscawen School District for my third year.

Registration Day for first grade (1960-61) was held at the Main St. School on May 13, 1960 with Miss Una Dearborn (first grade teacher) and myself getting acquainted with the children and obtaining the necessary family and health history for the school records. Vision examinations and hearing tests were also done at this time for the first year. Twenty-one children enrolled that day. By September, thirteen more children were enrolled.

The first major health project of the new school year was the annual physical examinations held in October and conducted by the two school doctors with the school nurse in attendance. These examinations include checking the eyes, ears, nose, throat, teeth, heart and chest. At the same time the height and weight is recorded and compared for any great loss or rise over the preceding year, and as in the case of all defects, is reported to the parents. Follow-up on these cases is very important and it is encouraging that the cooperation of the parents is such that these problems get immediate attention.

Vision tests are completed at the Main St. School. 226 vision exams have been done and notices were sent home where necessary, advising the parents to consult their doctors for further examination. In cases where families are unable to provide further examination, special funds are available — to date five children have been examined and have obtained glasses from the

doctor of their choice and have not had to wait for this very necessary eye care.

In April, 1960, the first of a series of Polio Clinics was held in the Penacook High School Gymnasium in the interest of the general public, but specifically for the benefit of the school children. Permission slips were sent home with each child in the elementary grades. The response was very good, some children needing the series of three polio shots and many needing only a "Booster shot". Dr. P. A. Boucher (city health officer) administered smallpox vaccinations, triple toxoid shots, and any one of the series of polio shots. At that first clinic in April, 751 polio shots were given. Since then, clinics were held in May, November, December and January of this year. A total of 1423 polio shots; 43 triple toxoid shots; and 39 smallpox vaccinations have been given in the Penacook-Boscawen districts. Mrs. Shirley Taylor (local district nurse) has assisted us at all these clinics as well as a Concord VNA nurse who brings all the equipment for our use. Volunteer mothers from the three Penacook elementary schools have been most helpful at all these clinics, and with the cooperation of the Principal, the teachers, and the bus drivers (past and present) the clinics have been very worthwhile.

On January 18, 1961, I assisted Miss Constance Martin, R. N. from the Tuberculosis Association office with "patch tests". In the first grade we applied 31 patch tests; in grade three we applied 34 tests; and in grade seven we did 32 tests. These were "read" the following week and all parents of positive reactors were called upon and referred to their family physicians.

Since the first of the year, I have been transporting one second grader to the Child Guidance Clinic for speech therapy provided by the Easter Seal Fund.

When necessary, I transport children there for consultation. The school principal and nurse have recommended three children this semester to the CGC for consultation which is available to any child in this state.

The school health program has not been started this year but is expected to begin in the near future. All children who have attended our previous clinics will have their teeth cleaned and checked and care given where needed. If we are able, we would like to include a few new students who are in need of dental care.

Routine visits are made to the classrooms daily and first-aid given whenever necessary. Thanks to the school board, I now have a room of my own with desk, file, cot and first-aid supplies. Any child who wishes to see me or talk with me has the privilege of doing so privately, which is encouraging to both of us.

The nurse's schedule since September includes some of the following functions: —

	Number	Corrections
Physical exams (assists)	279	
Heights and weights	279	
Vision exams (except 4th & 5th grades)	226	11
Transported home	6	
Transported to Doctor	3	
Accidents	2	
Home visits	36	

There have been numerous absences due to winter colds and cold weather, but the communicable disease incidence in Boscawen is comparatively low to date with only the following reported by parents: 3 cases of chicken pox; 4 cases of mumps; and 2 cases of whooping cough.

CLINICS AND REFERRALS

Sight Conservation	5
Speech Therapy	1
Nutrition	7
Child Guidance Clinic	3
Dental Clinic (future)	approx. 35

By January 31st I will have completed a three credit course at St. Anselm's College on "Human Relations in Public Health Nursing".

To Superintendent William B. Hounsell, the Boscawen School Board, the Principal, Mr. Clarke and his teaching staff, I would like to express my sincere thanks for your continued cooperation and interest in the School Health Program.

Respectfully submitted,

MARJORIE B. JOHNS, R. N.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent of Schools:

Music interest continues to grow in the Boscawen school system.

In the spring of 1960 the school had two programs. The first, second, third and fourth grades held their program in the Main Street School auditorium. Over a hundred parents and friends attended and the program was well received.

The Mothers Club of Boscawen gave a fund raising dinner at the Town Hall. They asked the fifth, sixth, seventh and eighth grades to present a musical program. It was a successful evening for the Mothers Club and for the performers. The seventh and eighth grades began working with Latin American rhythms and enjoyed accompanying their songs with Maracas and bongo drums.

Graduation was held in the Town Hall. The eighth grade presented their program with only the eighth grade participating. Some of their selections were from the musical "Oklahoma".

New books for music were ordered for the fourth, seventh and eigth grades. A new teacher's book was purchased for the first and second grade teachers and also the records that accompany the new books. The children enjoy the records very much.

Speaking of records, the Boscawen schools are fortunate to have a Mothers Club so interested in the progress of the children. They presented the school with a large, portable Stereo radio and record player. Music appreciation has been emphasized more this year than last and much is planned for the future.

An autoharp has been added this year and has aroused interest in the children from the third grade through the eighth. Claves, maracas and tambourines have enhanced the music program also.

This year a glee club was organized composed of sixth, seventh and eighth graders. Those who are in the glee club were selected after individual try-outs. We hope to have them sing for a school program soon.

I would like to express again my sincere appreciation for the cooperation and interest shown to the music program by the superintendent, the principal and each of the teachers.

Respectfully submitted,

LEA E. FOWLER
Supervisor of Music

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Boscawen School Board and Citizens of Boscawen:

It is indeed a pleasure to submit this brief annual report.

I should like to commend the citizens of Boscawen for their support in securing better school facilities for their children. The final decision of the community to build an addition to the Main Street School was a source of great satisfaction to those who are genuinely interested in improving educational opportunities for children.

The School Board also must be credited for getting this new building. They worked long and courageously to accomplish the task. They deserve the thanks of the community for their efforts.

Now that the important problem of housing is about to be solved, we are looking forward with eagerness to improvement in other areas. Better teaching should result if class size is reduced. This will need to be done a little at a time. Next year we propose to have one additional teacher who will in all probability act as a helping teacher for the elementary grades. That is the area which first needs attention. Reading in grades 1-3 will now receive greater emphasis. With the additional help more attention can be given to individual instruction in all subject matter offered in these grades. This should be especially beneficial to the little children, and a source of satisfaction to their parents.

The teaching personnel should function better in a single building under the direction of the principal,

thus increasing school morale at faculty and student levels. Bus services can become more efficient. Cafeteria and other personal services will be improved.

For these things the people will be most grateful.

In closing I want to thank all who helped with school matters this past year. I ask your continued support in the coming year.

Respectfully submitted,

WILLIAM B. HOUNSELL
Superintendent of Schools
